Assignments:

- Assignments are worth 150 points (+20 total extra points) out of a total of 500 over the semester.
- Check SAKAI for the description of the assignment and review the class material before attempting any assignment. Be prepared when you come to lab and to my office for help.
- All assignments should be submitted electronically via SAKAI (<https://sakai.rutgers.edu>). Exceptions will be mentioned explicitly.

- Assignments are usually due the week after being discussed in recitation; any exceptions to this will be stated during recitation. The exact due dates are noted on SAKAI.
- All assignments should be submitted before the designated **Due Date** and time in order to get full credit (**NOTE:** time is based on SAKAI server time and not on local machine times).
- Late assignments receive a maximum of half credit if they are submitted before the **Accept Until** date (one week after the due date); after one week, no credit is given for assignments.
- **One and only one** assignment during the semester can be submitted a week late and still be considered for full credit (**Free Late**). **You must let me know via email before the Accept Until date if you want to use your free late.**
- Discrepancies regarding assignment grades must be clarified **within two weeks** after the assignment **Due Date**; no consideration will be given after this two-week time limit.
- Any discrepancies with exam grades are handled by your instructor, not me, and must be reported to your instructor within two weeks after the exam is taken.
